Community Service Form:

Community service creates opportunities for students to become well-rounded, responsible citizens, as well as explore areas in which they may have interest. Community service hours can be completed through many different avenues. The basic idea of volunteering is that individuals contribute time and energy to benefit others, without receiving compensation.

Each high school student must complete 20 hours of community service for each year that he or she is in attendance at Prishtina High School. A student attending three (3) years is expected to complete sixty (60) hours, while a student attending four (4) years will complete eighty (80) hours. Community service hours are credited to the student's transcript when documentation of the hours is submitted together with a description of the activity and appropriate signatures. **Forms may be picked up at and returned to the Reception Desk.**

Documentation for all community service hours must be submitted by April 30 of each school year. A student must be current in community service hours in order to receive transcripts or documentation of attendance. **A student will fail to qualify for graduation if he or she has not completed the total number of community service hours by his or her graduation date.**

Student's Name: _____ Graduation Year: _____

Type of Activity: _____

Provide a description of your service project and why it was valuable to you and the community:
